This pack is for People who already bought and own
\$5 Starter Pack, and \$20 Epic Pack (Legendary Prince),
and still stuck in hard-time on your League.

i am League 11, and got stuck.
Because i can't win against opponents who have 1~3 Legendary cards.

Now, this Athena card help me, and i can win and proceed to higher League.

(Note: How to get Athena without This DLC ?
it is unlocked at League 1, so in other words, it is one of "League 1 Exclusive Card".
To get Athena,
You would need to reach League 1 to "Unlock" it,
then you need to buy and open tons of Demigods chests
to "Discover" it. (depends on your Real Luck)).

With this DLC, i got Athena , and it help me to League up from League 11 to...

a Warning, 1500 Gems from the DLC doesn't get counted for VIP progress.. Good for starters. The name from girl with shield
is "Scarlet Warrior" and not "Titania".

For people might confused about it:

"Titania" is a legendary version of "Scarlet Warrior". To be correct, this DLC you will give you Scarlet Warrior, Athena, Ayfe,
Gems and Gold. There is abit error with the name but everything with heroes are fine.. Pack gives Scarlet Warrior, not Titania,
very disappointed.. a really good pack with a pretty low price that lets you go through leagues a lot faster (at lower leagues)
